IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of:

Byoung-Han KIM

Serial No.: 08/840,892

Examiner: Anthony Blackman

Filed: 19th April 1997

Art Unit: 2774

For: A VIDEO SIGNAL CONVERTING APPARATUS AND A DISPLAY DEVICE
HAVING THE SAME

PETITION UNDER 37 C.F.R. § 1.181

RECEIVED

JUN 21 1999

The Assistant Commissioner
of Patents
Washington, D.C. 20231

Group 2700

Sir:

Applicant respectfully petitions under 37 CFR § 1.105 and § 1.181, from an incomplete Office Action (Paper No. 8) dated 14 June 1999, requests re-issue of that Office Action, and as reasons therefor, states that:

Folio: P54514
Date: 6/16/99
I.D.: REB/lj

STATEMENT OF FACTS

1. Paper No. 8 dated 14 June 1999 indicating allowance of claims 1- 4 and 6 - 10.
2. The subject matter of the instant application pertains to video signal conversion and a video display device. The text of the Examiner's comments in support of the rejection of claims 3 -5 indicates that the subject matter of the rejection pertains to a computer mouse. Moreover, the Detailed Action contains Serial No. 08/949,691, rather than the serial number of Applicant's above-captioned pending application.
3. The references accompanying the Office Action pertain towards video signal and video displays, rather than computer mice.

REMARKS

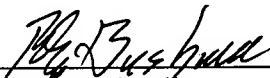

In view of the discrepancy of the Detailed Action and the remaining parts of the Office Action, it seems that the Office has not provided a complete response and detailed action. Any amendment to these rejections would not be helpful to either the Examiner and the Applicant.

RELIEF REQUESTED

The Commissioner is therefore requested to:

- A. Re-issue Paper No. 8 in its entirety, with a correct action, or alternatively, confirm that the Detailed Action accompanying Paper No. 8 is in fact the correct Detailed Action.
- B. Re-start the period for response.

Respectfully submitted,

Robert E. Bushnell
